

Max Super Speciality Hospital, Dwarka cordially invites you to the

World Neurosciences Conclave

 20th - 22nd March, 2025

 The Leela Ambience Gurugram Hotel & Residences
Sector-24, Gurugram

18th - 19th March

Pre Conference
Cadaver Course
(AIIMS, New Delhi)

20th March

WFNS Foundation
International
Meeting

21st - 22nd March

World
Neurosciences
Conclave

World Neurosciences Conclave

Day 2: Friday, 21st March 2025

Prof P N Tandon Hall (Hall - A)

Time	Topic	Speaker (Dr/Prof)
Oncology Symposium - Meningioma		
Chairpersons: Dushyant Thaman Kenan Arnautovic		
08:00 - 08:15	Surgery for convexity meningioma	Dushyant Thaman
08:15 - 08:30	Cranio-orbital skull base approaches to excision of tumors affecting the orbit	Sameer Aryal
08:30 - 08:45	Combined dolenc kawase approach for multicompartement lesions	Anant Mehrotra
08:45 - 09:00	Surgery for olfactory groove meningioma	Hemant Bharatiya
09:00 - 09:15	Surgery for anterior clinoid meningiomas	Kenan Arnautovic
Oncology Symposium - IIIrd Ventricular		
Chairpersons: Florian Roser Sanjay Kumar		
09:15 - 09:30	Approaches to anterior third ventricular lesions	Jayesh Sardhara
09:30 - 09:45	Craniopharyngioma: Radical resection or STR and adjuvant treatment	Charlie Teo
09:45 - 10:00	Approaches to posterior third ventricular lesions	H V Easwer
10:00 - 10:15	Coffee Break	
Oncology Symposium - Lateral Ventricular		
Chairpersons: Florian Roser Sanjay Kumar		
10:15 - 10:30	Approaches to lateral ventricular lesions	Aadil Chagla
Oncology Symposium - TG Schwannoma		
Chairpersons: Florian Roser Sanjay Kumar		
10:30 - 10:45	Management of trigeminal schwannomas	Manas Panigrahi

Time	Topic	Speaker (Dr/Prof)
Oncology Symposium - CPA		
Chairpersons: B S Sharma Suresh Nair		
10:45 - 11:00	Microsurgery for vestibular schwannoma: surgical nuances	Florian Roser
11:00 - 11:15	Functional preservation in large vestibular schwannomas	Basant Misra
11:15 - 11:30	Surgical strategies for small AN excision: hearing preservation	William Couldwell
11:30 - 11:45	Petroclival meningiomas: Surgical strategy	Suresh Nair
11:45 - 12:00	Endoscopic assisted approach to tumors of jugular foramen	Radhamadhab Sahu
12:00 - 12:15	Microsurgical resection of jugular foramen paragangliomas: Tailoring the approach	Antonio Aversa Dutra do Souto
12:15 - 12:30	Simultaneous ipsilateral hearing implantation for hearing loss alongside skull base surgery	Sampath Chandra Prasad Rao
12:30 - 12:45	Intracanalicular AN: Radiosurgery versus microsurgery - current evidence	Shweta Kedia
12:45 - 13:00	Recent advances in GKRS indications	Deepak Agarwal
13:00 - 14:00	Lunch - Baxter Symposium	
Hemostats and sealants in neurosurgery		
Discussants: Vernon Velho Kamalanathan Palaniandy Vamsi Krishna Yerramneni		
Keynote Lecture-1		
Chairpersons: B S Sharma Suresh Nair		
14:00 - 14:15	Is epilepsy in glioma a bad prognostic factor?	Daljit Singh
Oncology Symposium - Advances in Neurosurgery		
Chairpersons: Mehmat Zileli R C Mishra		
14:15 - 14:30	Supraorbital keyhole perspective: The new work horse for anterior skull base surgery	H S Bhatoe
14:30 - 14:45	Shifting from eyepiece lens to monitor view: 5 years of exoscopic surgery experience	Roberto Stefini
14:45 - 15:00	Exoscopes in neurosurgery	K S Manjunath Prasad
15:00 - 15:15	New keyhole paradigms and innovations in skullbase surgery	Iype Cherian
15:15 - 15:30	Spinal cord injuries: WFNS spine committee recommendations	Mehmet Zileli

Time	Topic	Speaker (Dr/Prof)
Oncology Symposium - Sellar Suprasellar		
Chairpersons: Sanjay Kumar Charlie Teo		
15:30 - 15:45	Transcranial surgery for pituitary adenoma: Rationale, indications approach and selection	R C Mishra
15:45 - 16:00	Endonasal or transcranial surgery: How does one decide?	B S Sharma
Panel Discussion		
16:00 - 17:00	Infections in neurosurgery: Management practices, consensus and recommendations	
Moderator: Sachin Borkar		
Discussants: Shuhei Morita Daljit Singh K Sridhar Domenico d'Avella Chinmaya Dash K K Yadav		
Behind the Technique: A Step-by-Step Video Session		
Chairpersons: Suresh Dugani Ashish Kumar		
17:00 - 17:10	Minimally invasive DREZ operation	Milan Spaic
17:10 - 17:20	DCER technique	Sumit Sinha
17:20 - 17:30	VNS - Technique	Kamalanathan Palaniandy
17:30 - 17:40	Posterior C1, C2 fixation in AAD	Deepak Singh
17:40 - 17:50	MVD for trigeminal neuralgia	T V R K Murthy
17:50 - 18:00	Transnasal endoscopic odontoidectomy	Mohana Rao Patibandla
18:00 - 18:10	Free hand C1, C2 fixation: Technical nuances	Chinmaya Dash
18:10 - 18:20	Translamina terminalis approach to craniopharyngiomas	Sachin Borkar
18:20 - 18:30	Discussion	
19.30 onwards	Inauguration followed by Dinner	

World Neurosciences Conclave

Day 2: Friday, 21st March 2025

Prof A K Banerji Hall (Hall - B)

Time	Topic	Speaker (Dr/Prof)
Skull Base Symposium		
Chairpersons: Manjunath Prasad Harshad Pareekh		
08:00 - 08:15	Modified dolenc kawase approach for complex skull base lesions	Anil Kothiwala
08:15 - 08:30	Surgery for anterior skull base meningioma	Pragyan Sharma
08:30 - 08:45	Surgical strategy and outcome of large meningiomas involving the cavernous sinus	Atsufumi Nagahama
08:45 - 09:00	Retromastoid craniotomy and its extensions	Sunil K Gupta
09:00 - 09:15	The cranio-cervical junction tumor removal	Shuhei Morita
09:15 - 09:30	Surgery for medial sphenoid wing meningioma	Siddharta Ghosh
09:30 - 09:45	Surgery for suprasellar meningioma	Ravi Mohan Rao
09:45 - 10:00	Surgery for giant pituitary adenomas	Atul Goel
10:00 - 10:15	Coffee Break	
10:15 - 10:30	Two stage, 4 by 4 steps how to preserve and improve vision in sellar / parasellar tumours	Kenan Arnautovic
10:30 - 10:45	Far lateral approach and its variations for FM meningioma	KVL Narsingha Rao
10:45 - 11:00	Approaches and surgical corridors to brain stem	K Sridhar
Vascular Symposium: Aneurysms		
Chairpersons: V S Mehta Basant Misra		
11:00 - 11:15	Microsurgical clipping of acomm aneurysm	Iype Cherian
11:15 - 11:30	Surgery for MCA aneurysms	Rajneesh Kachhara
11:30 - 11:45	Surgical nuances for paraclinoid aneurysms	Kamlesh Bhaisorra
11:45 - 12:00	Surgery for DACA aneurysms	Shashwat Mishra
12:00 - 12:15	Microsurgery for pComm aneurysms	Harsh Deora
12:15 - 12:30	Complex ICA aneurysms: Principles of surgical management	Suresh Dugani
12:30 - 12:45	Microsurgical approach to basilar artery aneurysm	Ramesh Chandra V V
12:45 - 13:00	Surgical treatment for recurrent IP-PC aneurysms after clipping	Takizawa Katsumi

Time	Topic	Speaker (Dr/Prof)
13:00 - 14:00	Lunch	
Vascular Symposium: AVM		
	Chairpersons: Atul Goel Takizawa Katsumi	
14:00 - 14:15	Microsurgery for arteriovenous malformation of brain	Batuk Diyora
14:15 - 14:30	Endovascular management of arteriovenous malformation of brain	Tariq Matin
Vascular Symposium: Bypass Surgery		
	Chairpersons: Atul Goel Takizawa Katsumi	
14:30 - 14:45	Bypass surgery for aneurysms	Sudhir Jayanand
14:45 - 15:00	Bypass surgery for moyo moyo disease	Takizawa Katsumi
Vascular Symposium: Cavernomas / Dural AVF		
	Chairpersons: Atul Goel Takizawa Katsumi	
15:00 - 15:15	Brainstem cavernomas: Overview and surgical approaches with special reference to 'safe zones'	Ravi Shankar
15:15 - 15:30	Hybrid management of cranial dural AV fistulas	Ashish Kumar
Cavernous Sinus Symposium		
	Chairpersons: Atul Goel Takizawa Katsumi	
15:30 - 15:45	Surgical nuances in cavernous sinus lesions: No longer a 'No Man's Land'	Arun K Srivastava
15:45 - 16:00	Surgery for cavernous sinus meningiomas	Manmohan Singh
Panel Discussion		
16:00 - 17:00	Clipping versus coiling for aneurysms	
	Moderator: Shashwat Mishra Discussants: Paritosh Pandey Prakash Kafle Suresh Dugani Suraj Thulung Tariq Matin Markus W	

Time	Topic	Speaker (Dr/Prof)
Behind the Technique: A Step-by-Step Video Session		
Chairpersons: K K Bansal Roopjyoti Hazarika		
17:00 - 17:10	Surgical bailout strategies for aneurysm treatment	Markus W
17:10 - 17:20	Exoscopic aneurysm clipping	Debabrata Sahana
17:20 - 17:30	Nuances of clipping of para clinoid ICA aneurysms	Navneet Singla
17:30 - 17:40	Complex decisions and controversies in vascular neurosurgery	K S Manjunath
17:40 - 17:50	Clipology in LMICs: Balancing the resources and the line of closure	Raja Kutty
17:50 - 18:00	STA - MCA anastomosis	Nupur Pruthi
18:00 - 18:10	Pure endoscopic intracerebral hematoma evacuation: Principle, method and advantage	Amit Thapa
18:10 - 18:20	Surgical challenges and pearls in acomm aneurysm clipping: Insights from microsurgery	Prakash Kafle
18:20 - 18:30	Discussion	
19:30 onwards	Inauguration followed by Dinner	

World Neurosciences Conclave

Day 2: Friday, 21st March 2025

Prof V S Mehta / Prof A K Mahapatra Hall (Hall - C)

Time	Topic	Speaker (Dr/Prof)
Endoscopy Symposium		
Chairpersons:		Pankaj Gupta Masahiro Shin
08:00 - 08:15	Endoscopic approach to pituitary tumors	Dipankar Mankotia
08:15 - 08:30	Mastering ETV: Tips & tricks for endoscopic third ventriculostomy success	Ankur Bajaj
08:30 - 08:45	Endoscopic CSF rhinorrhea repair	Sumit Mrig
08:45 - 09:00	Endoscopic trans-orbital approach to skull base	Awadhesh K Jaiswal
09:00 - 09:15	New frontiers in endoscopic skull base surgery	Vinod Felix
09:15 - 09:30	Endoscopic surgery for intrinsic third ventricular tumors	Masahiro Shin
09:30 - 09:45	Endonasal endoscopic excision of clival lesion	Sushant K Sahoo
09:45 - 10:00	Exploring keyhole approaches to large and complex anterior & middle fossa pathologies	Christos Profyris
10:00 - 10:15	Coffee Break	
10:15 - 10:30	Endoscopic neurosurgery: Basics & technique	Suraj Thulung
10:30 - 10:45	Minimally invasive endoscopic and keyhole approaches	Tadashi Watanabe
10:45 - 11:00	Complication in endoscopic skull base surgery	Deepak Bhangale
11:00 - 11:15	Endoscopic removal of colloid cyst	Alberto Feletti
11:15 - 11:30	Endoscopic approaches to sellar and parasellar tumors: FSH secreting pituitary adenoma to trigeminal schwannoma	Jitender Chaturvedi
Oncology Symposium: Glioma		
Chairpersons:		Anandh Balasubramaniam Domenico D'Avella
11:30 - 11:45	Surgical anatomy of motor cortex and Insula	Abhidha Shah
11:45 - 12:00	Preoperative planning of gliomas	Pratyush Shrestha
12:00 - 12:15	Brain mapping and extent of tumor resection	Prakash Shetty
12:15 - 12:30	Role of awake craniotomy in glioma resections	Kosuke Nakajo
12:30 - 12:45	Insular glioma microsurgery	Takashi Maruyama
12:45 - 13:00	Microsurgery for thalamic glioma	Charlie Teo
13:00 - 14:00	Lunch	

Time	Topic	Speaker (Dr/Prof)
14:00 - 14:15	Language network mapping in hemispheric intra-axial tumours	Dilip Paniker
14:15 - 14:30	CART therapy in GBM and midline glioma	Vijay M Patil
14:30 - 14:45	Recent advances in management of LGG	Yam Bahadur Roka
14:45 - 15:00	Innovative approaches to glioma resection: Reducing costs with 5-ALA & visualisation devices	Vivek Tandon
15:00 - 15:15	Management of recurrent Gliomas: Evidence based guidelines	Anandh Balasubramaniam
15:15 -15:30	Role of USG in neurosurgery	Vernon Velho
15:30 - 15:45	WHO CNS 5 for CNS tumors: Impact of molecular markers in clinical practice	Rakesh Jalali
15:45 - 16:00	Chemoradiation for glioma: Recent evidence based guidelines	Indu Bansal

Panel Discussion

16:00 - 17:00 Exoscope versus endoscope versus microscope in neurosurgery

Moderator: Vivek Tandon
Discussants: Roberto Stefani
 Manish Agarwal
 Iype Cherian
 Gianluigi Zona
 Manjunath Prasad
 Atul Goel
 Masahiro Shin

Behind the Technique: A Step-by-Step Video Session

Chairpersons: Anil Kumar
 N R Mahapatra

17:00 - 17:10	Contralateral subfrontal approach for tuberculoma sellae meningiomas	Stefan Wolfsberger
17:10 - 17:20	Posterior quadrant disconnection for subhemispheric epilepsy	Ramesh Doddamani
17:20 - 17:30	Pineal region tumor	Maneet Gill
17:30 - 17:40	Middle fossa interdural approach	Rajiva Kumar Tiwari
17:40 -17:50	Transorbital endoscopic skullbase approach	Abhirama Chandra Gabbita
17:50 - 18:00	Endoscopic keyhole approach for a recurrent epidermoid tumor	Taro Nishiyama
18:00 - 18:10	Challenges in colloid cyst excision in post shunt slit ventricles	Hitesh Gurjar
18:10 - 18:20	Extended unifrontal craniotomy for anterior cranial fossa meningioma	Keshav Mishra
18:20 - 18:30	Discussion	
19:30 onwards	Inauguration followed by Dinner	

World Neurosciences Conclave

Day 3: Saturday, 22nd March 2025

Prof P N Tandon (Hall - A)

Time	Topic	Speaker (Dr/Prof)
Pediatric Symposium		
Chairpersons: Binod Rajbhandari Suhas Uday Kumaran		
08:00 - 08:15	Surgery for lipo MMC	Kaushik Sil
08:15 - 80:30	Surgery for ACM in the light of current evidence	A Shashank
08:30 - 08:45	Surgical management of pediatric hydrocephalus: Shunt or ETV	Manoj Phalak
08:45 - 09:00	Basic overview of craniosynostosis: Surgical considerations and technical nuances	Shweta Kedia
09:00 - 09:15	Paediatric medulloblastomas: Surgical management and outcome	Nigel Peter Symss
09:15 - 09:30	Posterior fossa tumors in children: Advances in management	Duttareya Majumdar
09:30 - 09:45	Encephaloceles: Basic overview and surgical nuances	Rajesh Meena
09:45 - 10:00	Technique & nuances of intraoperative neuromonitoring of conus in children with tethered cord	Suhas Udaykumaran
10:00 - 10:15	Coffee Break - Abbott Symposium: From Vertigo to Victory - Vestibular Compensation is the Key	
	Speaker: Abhishek Gupta	
	Discussants: Anand Kumar Saxena Rajnish Kumar	
Keynote Lecture - 2		
Chairpersons: Iype Cherian Corrado Iaccarino		
10:15 - 10:30	Spirituality and modern medicine	Lokender Singh
Epilepsy Symposium		
Chairpersons: M M Mehndiratta V P Singh		
10:30 - 10:45	Surgical anatomy of medial temporal lobe	Abhidha Shah
10:45 - 11:00	Clinical and video based approach to epilepsy	M M Mehndiratta
11:00 - 11:15	Diagnosis and classification of seizure disorder	Chaturbhuji Rathore
11:15 - 11:30	Principles of AED usage	Manjari Tripathi
11:30 - 11:45	Drug resistant epilepsy	Gagandeep Singh
11:45 - 12:00	Overview of epilepsy surgery: Indications and techniques	Malla Bhaskar Rao
12:00 - 12:15	Surgery for MTS	George C Vilanilam
12:15 - 12:30	VNS in DRE	Sandeep Vaishya
12:30 - 12:45	Case Discussion	Satyakam Baruah
12:45 - 13:00	Discussion	

Time	Topic	Speaker (Dr/Prof)
13:00 - 14:00	Lunch - Stryker meet the master's symposium: Choice of bipolar in neurosurgery	
	Moderator: Sumit Sinha Panelists: Sandeep Vaishya Siddharth Ghosh	
Keynote Lecture - 3		
	Chairpersons: Rupinder Chahal Sachin Bokar	
14:00 - 14:15	Medicolegal implications in surgical practice in the light of new laws	Rakesh Malhotra
Functional Symposium		
	Chairpersons: Sanjay Saxena Aditya Gupta	
15:15 - 15:30	DBS in movement disorders: When and why? A neurologist perspective	Jasloveleen Kaur
15:30 - 15:45	Surgery for hyperkinetic movement disorders: Basics and techniques	Kanwaljeet Garg
15:45 - 15:00	Neurosurgery in spastic dystonic disorders	A K Purohit
15:00 - 15:15	Functional neurosciences	Sharan Srinivasan
15:15 - 15:30	Neurostimulation in neurosciences	Rajnish Kumar
15:30 - 15:45	Basics of planning for DBS procedure	Aditya Gupta
15:45 - 16:00	Discussion	
Neuroanesthesia Symposium - I		
	Chairpersons: H H Dash Parmod Bithal Jayshree Sood Monica Tandon	
16:00 - 16:15	Opioid free anesthesia in neurosurgery	Barkha Bindu
16:15 - 16:30	Factors affecting IONM	G P Singh
16:30 - 16:45	ICP monitoring	Ashish Bindra
16:45 - 17:00	ERAS	Hemanshu Prabhakar
Neuroanesthesia Symposium - II		
	Chairpersons: S S Saini Arvind Chaturvedi Jasbir Khanuja Manish Arora	
17:00 - 17:15	Sepsis in neuro ICU	Harsh Sapra
17:15 - 17:30	Critical Care management of ICH	Saurabh Anand
17:30 - 17:45	Neuroprotective therapies in TBI	Rahul Yadav
17:45 - 18:00	Role of tranexamic acid in neurosurgery and neurocritical care	Mukesh Gupta
18:00 - 18:15	Newer antiplatelets and anticoagulants	Virender Jain
18:15 - 18:30	Discussion	

World Neurosciences Conclave

Day 3: Saturday, 22nd March 2025

Prof A K Banerji Hall (Hall - B)

Time	Topic	Speaker (Dr/Prof)
Trauma Symposium		
Chairpersons: Franco Servadei M C Misra		
08:00 - 08:15	Decompressive surgeries in TBI: Controversies and consensus opinion	V D Sinha
08:15 - 08:30	Guidelines for TBI and SCI management: Which controversies?	Franco Servadei
08:30 - 08:45	Practical issues in declaration of brain death	Mathew Joseph
08:45 - 09:00	Cranioplasties: different strategies, different materials	Angelo Pompucci
09:00 - 09:15	Surgical Management in acute TBI: Surgical indications and technique of DC	Arvind Agarwal
09:15 - 9:30	Consensus management of post traumatic hydrocephalus	Corrado Laccarino
09:30 - 09:45	Recent advances in management of TBI	Vijaya Sekhar
09:45 - 10:00	National TBI Guidelines: Where do we stand?	Sumit Sinha
10:00 - 10:15	Coffee Break	
10:15 - 10:30	Role of trauma systems establishment in India: Where are we?	Amit Gupta
10:30 - 10:45	Confidence and knowledge of neurosurgeons with AI concepts	Alessandro Boaro
10:45 - 11:00	AI based prediction analysis in lumbar pain	Suyash Singh
Keynote Lecture - 4		
Chairpersons: Arun Saroha Ashish Sharma		
11:00 - 11:15	Anatomy of AAD	V K Jain
Miscellaneous Symposium		
Chairpersons: Himanshu Arora G Zona		
11:15 - 11:30	Achieving excellence in resource constrained set up-tips for young neurosurgeons	Prakash Khaitan
11:30 - 11:45	Exoscopy: A paradigm shift in neurosurgery	Gianluigi Zona
11:45 - 12:00	Neuronavigation assisted VP shunt surgery in the Idiopathic intracranial hypertension (IIH) patients; An institutional experience	N C Poonia

Time	Topic	Speaker (Dr/Prof)
BPI Symposium		
Chairpersons: V Sunder P S Bhandari		
12:00 - 12:15	Surgical strategies for OBPI	Chandan Mohanty
12:15 - 12:30	Surgery for partial adult BPI	Amol Raheja
12:30 - 12:45	Nerve transfers for adult flail limb	P S Bhandari
12:45 - 13:00	Surgery for brachial plexus tumors	Ketan Desai
13:00 - 14:00	Lunch	
Neurointervention Symposium		
Chairpersons: Girish Rajpal Vipul Gupta		
14:00 - 14:15	Basics of endovascular techniques: Introduction to procedure and hardware	Sumit Goyal
14:15 - 14:30	New devices in the management of ischemic stroke	Gyula Gal
14:30 - 14:45	AI and mechanical thrombectomy: Taking stroke care to new paradigms	Nitin Dange
14:45 - 14:00	Endovascular treatment of complex aneurysms	Vipul Gupta
15:00 - 15:15	Newer devices and techniques in endovascular neurosurgery	Girish Rajpal
15:15 - 15:30	Reshaping aneurysm management: Addressing recurrence with precision	Devasheesh Kamra
15:30 - 15:45	Endovascular management of giant aneurysms	Himanshu Agarwal
15:45 - 16:00	Intravenous thrombolysis and mechanical thrombectomy for AIS: Current guidelines	Paritosh Pandey
Special Invited Lecture		
Chairpersons: Appaji Krishnan Vikas Tandon		
16:00 - 16:15	Cervical Kyphosis: Surgical nuances and lessons learnt	S S Kale
Deformity and Spinal Infections		
16:15 - 16:30	Introduction to scoliosis & importance of strategic vertebrae	Ankur Nanda
16:30 - 16:45	Adolescent idiopathic scoliosis: Natural history and classifications	Vikas Tandon
16:45 - 17:00	Bracing: Indications, benefits, limitations and SRS guidelines	Rajat Mahajan

Time	Topic	Speaker (Dr/Prof)
17:00 - 17:15	Selecting fusion levels in AIS	Gururaj
17:15 - 17:30	Correction maneuvers in scoliosis surgery	Appaji Krishnan
17:30 - 17:45	Role of growth rods in scoliosis	Hitesh Garg
17:45 - 18:00	Complex spinal deformities (kyphoscoliosis) and their management: Neurosurgeon's perspective	Biswaranjan Nayak
18:00 - 18:15	Management of pyogenic spondylodiscitis	Binod Bijukachhe
18:15 - 18:30	Spinal tuberculosis: Whats new in the present decade?	Anil Jain

World Neurosciences Conclave

Day 3: Saturday, 22nd March 2025

Prof Arvind Jayswal Hall (Hall - C)

Spine Symposium

Time	Topic	Speaker (Dr/Prof)
Tumor Session		
Chairpersons: Rushama Tandon Adesh Srivastava Sameer Aryal		
08:00 - 08:10	Diagnosis / preoperative planning of tumor case	Sachin Borkar
08:10 - 08:20	MISS for spinal tumors	Utkarsh Bhagat
08:20 - 08:30	Overview and surgical management of primary bony tumors of spine	Rushama Tandon
08:30 - 08:40	Management, surgical planning and staging of metastatic spine tumors	Tarush Rustagi
08:40 - 08:50	Management of paraspinal schwannoma	Vikrant Pujari
08:50 - 09:00	Microsurgery for spinal intramedullary Tumors: Technique, Pitfalls, Results	Keki Turel
Trauma Session		
Chairpersons: K K Yadav Amitabh Goel		
09:00 - 09:10	Traumatic spondyloptosis of the cervical spine	Rully Hanafi Dahlan
09:10 - 09:20	Spinal osteotomies: Indications & techniques	Bhavuk Garg
09:20 - 09:30	Endoscopic decompression in thoracolumbar burst fractures	Abhisekh Kayshap
09:30 - 09:40	Management issues in complex CVJ	Adesh Srivastava
09:40 - 09:50	Transpedicular cervical spine fixation	Krishna Sharma
09:50 - 10:00	Osteoporotic thoracolumbar fracture: Short segment vs long segment fixation with cement augmentation screws	Bimal Pandey
10:00 - 10:15	Coffee Break	
Plenary Session		
Chairpersons: Sandeep Vaishya Shankar Acharya Rully Hanafi Dahlan		
10:15 - 10:30	Surgery versus embolisation for spinal dural AV fistula	Miroslav Vukic
10:30 - 10:45	Surgical decision making in cervical spondylotic myelopathy: Choosing the surgical approach	Sushil Patkar
10:45 - 11:00	Endoscopic spine surgery for beginners	S Rohidas
11:00 - 11:15	CVJ Anomaly: Principles and practice of C1, 2 fixation	Pravin Salunke

Time	Topic	Speaker (Dr/Prof)
11:15 - 12:00	Case Presentation	
	Moderator:	Rupinder Chahal Sumeet Pawar
	Discussants:	Shankar Acharya Sandeep Vaishya Sushil Patkar Prem Sahi Bibhudendu Mohapatra

MISS: Behind the Technique: A Step-by-Step Video Session

	Chairpersons:	Rupinder Chahal Binod Rajbhandari Mahesh Kudiyal
12:00 - 12:10	Posterior cervical foraminotomy for cervical disc	Ajith R
12:10 - 12:20	Minimally invasive spine surgery: Technical nuances for beginners	Nimesh Patel
12:20 - 12:30	Full endoscopic interlaminar approach for lumbar disc herniations / canal stenosis	Manoj Sharma
12:30 - 12:40	MISS for high grade listhesis	Saurabh Kapoor
12:40 - 12:50	Transforaminal endoscopic surgery for lumbar disc / canal stenosis	Asheesh Tandon
12:50 - 13:00	Percutaneous fixation for thoracolumbar fractures	Prem Sahi
13:00 - 14:00	Lunch	
14:00 - 14:10	Osteoporotic fractures: Evaluation and treatment with vertebroplasty or kyphoplasty	Rahul Gupta
14:10 - 14:20	Indirect decompression by MIS lateral interbody fusion in unstable degenerative spine	Amit Jhala
14:20 - 14:30	UBE ULBD (biportal endoscopic spine surgery)	Md Ahmed Ansari
14:30 - 14:40	Use of O-arm Navigation in spine surgery beyond pedicle screws	Bhibhudendu Mohapatra
14:40 - 14:50	Decision making in multiple lumbar disc herniation in a young adult	Kalidatta Das
14:50 - 15:00	Discussion	

Debate - 1

	Chairpersons:	P C Dey Kamraan Farooque Ashish Gupta
15:00 - 15:30	Cervical disc with radiculitis: ACDF vs posterior foraminotomy	
	Discussants:	Sunil Katoch for ACDF (10 min) Rahul Kaul for foraminotomy (10 min) Consensus (10 min)

Time	Topic	Speaker (Dr/Prof)
Debate - 2		
	Chairpersons: Savitr Shastry Abhishek Srivastav Amitabh Goel	
15:30 - 16:00	Stable multilevel stenosis: Decompression alone or Decompression with fusion	
	Discussants: Harsh Bhargava for decompression alone (10 min) Vineesh Mathur for fusion (10 min) Consensus (10 min)	
Degenerative Session		
	Chairpersons: Sunil Katoch Kalidutta Das Krishna Hari Sharma	
16:00 - 16:10	Role of intra-operative neuromonitoring in spine surgery	Ashok Jaryal
16:10 - 16:20	Ank spondylitis fractures: Management options	Kamraan Farooque
16:20 - 16:30	Indication for extension to pelvis in degenerative lumbar spondylolisthesis	Abhishek Srivastava
16:30 - 16:40	Tandem stenosis: Lumbar or cervical first? Decision making?	Sudhir Ganesan
16:40 - 16:50	Robotics in cervical spine	Vidhyadhar
16:50 - 17:00	Cervical arthroplasty: Indications & controversies	Arvind Kulkarni
17:00 - 17:10	Leg pain after spine decompression surgery: Surgeons nightmare	Rupinder Chahal
17:10 - 17:20	Approaches to the ventral thoracic spine	Ganesh Divakar
17:20 - 17:30	Robotic MISS TLIF	Puneet Girdhar
17:30 - 17:40	Osteobiologics in spine surgery	Chetan Kumawat
17:40 - 17:50	Endoscopic over the top decompression for multilevel LCS	P C Dey
17:50 - 18:00	Sagittal balance in lumbar spine	Savitr Sastry
18:00 - 18:10	Spondylolisthesis: Concepts & basics of management, with emphasis on high grade listhesis	Sumeet Pawar
18:10 - 18:20	Back pain and lumbar degenerative discal disease: nonsurgical management options evidence based recommendations	Neeraj Gupta
18:20 - 18:30	Discussion
